

SCHOLASTIC Magazines+

The PTA Sponsorship Program can help bring Scholastic Magazines+ to your students!

Here's how the sponsorship program works:

1. **Choose the Scholastic Magazine that's right for you**—there are over 30 magazines for grades Pre-K through high school with topics spanning the subject areas. Ask other teachers in your school if they'd like to take part in the program and receive magazine subscriptions for their classes as well.
2. **Letter:** We have provided you with a letter that explains how sponsors can provide educational magazines for your school. Present this letter to your PTA members.
3. **Sponsorship Options:** Sponsors can purchase a single class set or support multiple classes in an entire grade!
4. **Order Form:** There are two order forms. One is for your individual magazine request and the other is a group order form where fellow teachers can also request class sets. Please complete the top portion of the order form(s). To participate, sponsors simply complete their section on the order form and give it back to you. They will be billed at a later date.
5. Once sponsors have filled out the order form, they should return it to you so that you can fax or mail it in. We will process the order right away.

Support our school by participating in the Scholastic Magazines+ Sponsorship Program

Dear PTA Member,

In today's economy, it's harder than ever to find the funds for supplemental educational materials. And many of our students' families can't afford to help bring these motivating resources into the classroom. Despite the economic situation in our country, education continues to be a top priority on the national and local level. That's why your help is now more important than ever. Please join me and Scholastic, the most trusted name in education, in providing our students with valuable resources that will help them build the skills they need to do well in the future.

I also want to take this opportunity to tell you about Scholastic's unique classroom magazine sponsorship program. Your support can help provide our students with timely educational print and digital magazines that are packed with skill-building activities and high-interest articles they will love to read.

Your help goes a long way—become a sponsor today!

Please see the attached order form for the magazines that we are requesting for the children in our school. If you are able and willing to sponsor our school, we would greatly appreciate your support.

Your contribution will make a difference in our school. We thank you for considering this valuable sponsorship program, which will help our students to read and learn.

Sincerely,

Teacher
