Hibernation
(sung to “London Bridge Is Falling Down”)

CHORUS:
Animals are not around,
Not around, not around.
Animals are not around:
They’re hibernating!

In the winter, where’s the bear?
In a den, in a lair.
Till the spring, it’s sleeping there:
It’s hibernating!

In the winter, where’s the frog?
In a pond, or a log.
It won’t hop, and it won’t jog!
It’s hibernating!

CHORUS

In the winter, where’s the bat?
In a cave is where it’s at.
It is sleeping. Why is that?
It’s hibernating!

In the winter, where’s the snake?
In the mud, in the lake.
Sleeping through its winter break:
It’s hibernating!
